

2024-2025 Impact Report

ABOUT THE CEF

The Cocalico Education Foundation (CEF) is a nonprofit, volunteer-run organization that provides support for educational enhancement in the Cocalico school community. As an independent organization that partners with the Cocalico School District, we raise funds to support educational initiatives and special projects within the district which provide our students with the tools they need to excel.

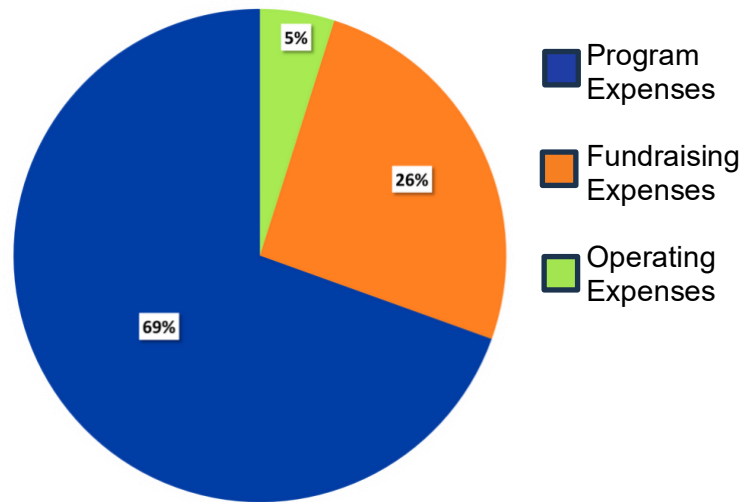

Cocalico Education Foundation Board of Trustees:

Why Character Matters Presentation (Gr. 9-12)

The Challenge:

The Cocalico School District is challenged with empowering students to reach their fullest potential while preparing them to live in the modern world.

The Solution:

The Foundation aims to assist the school district in helping to meet the challenge by donating financial support beyond the basics to provide extra opportunities not funded by tax revenues.

***One hundred percent (100%) of all donations received
will enhance the educational opportunities
of ALL Cocalico students!***
